Learn English with comfort!

Feel at home!

We offer full board accommodation: A good and varied continental style breakfast and on some occasions we offer a full English breakfast.

So who are we? We are: Marlene and Ray Leach and we live in a spacious detached house with a big garden including the front garden and wide drive overlooking a vast green belt which gives us an open countryside feeling. At the same time we are close to Sutton Coldfield centre and we are also on the bus route to Birmingham, the second largest city in England.

This is one of the rooms which has a lovely view of the surrounding fields.

The accommodation is all inclusive: breakfast, lunch and dinner. Students will have their clothes washed at least once a week with the exception of small items like socks and underwear and bed linen gets changed about once a week. Students are therefore welcomed as members of the family and so they go along with the family's daily routine. However if they wish to do something different, they can always discuss this with the family.

All students that have been on their visit here so far, have always felt very much at home and many of them have come once more but some did end up visiting us year after year again! We are always ready to help our young guests, should they have any problem or questions to ask. Students not only learn English over here but they also learn about the English culture, feel enthusiastic to discover more about the way of living and above all feel happy and comfortable with their English host family.

When our rooms are all taken we look for other welcoming host families. We always give a lot of importance to the welfare and happiness of young students arriving from different parts of the world.

Just Play

whether you are good or bad at playing tennis you will enjoy having a go especially on unusually hot summer days.

All these lovely places are about a 25-minute walk away from your host family's house.

Visit places with me!

Marlene, language teacher, host mother and guide on most visits around the area including London, will be happy to give out some information:

The journey to **London** starts early in the morning from Digbeth Coach Station Birmingham. While in London we either join a sightseeing tour, covering most of the important sights of London or simply walk around and catch a double decker bus when necessary.

The return journey to Birmingham is normally late in the evening. The London visit will definitely add greatly to the pleasure of the students! stay in England.

Stratford-upon-Avon, the birthplace of William Shakespeare is indeed a wonderful place to visit. We usually go by train and once we arrive, we first walk towards the museum, take some photos of the prestigious house - Shakespeare's birthplace and carry on towards the river Avon. We may picnic by the river after a pleasant walk along the lovely green area, of course weather permitting! Normally we get the train back at about 6 o'clock in the evening.

There are many more places to visit. These are some examples:

Lichfield - Tamworth - Bewdley - The Black country museum in Dudley - Cadbury's World - The museum in Birmingham and of course the City Centre.

The London and Stratford-upon-Avon visits are normally the main and favourite visits. However, as soon as we know the length of stay the student has booked for, we will then know what kind of programme to prepare.
